

## Health Screening Questionnaire

ALL DOE employees, visitors, and families must complete a health screening before entering DOE facilities. This health screening must be completed on each day of arrival. This health screening can also be completed online at: <https://healthscreening.schools.nyc/>. Upon entering the facility, if you have not completed the online health form you will be asked to provide responses to the questions below.

1. Have you experienced any symptoms of COVID-19, including a fever of 100.0 degrees F or greater, a new cough, new loss of taste or smell or shortness of breath that started in the past 10 days?
  - No. Go to the next question.
  - Yes, and I have received a lab-confirmed PCR negative result from a COVID-19 diagnostic test (not a rapid or a blood test) since the onset of symptoms AND have been fever-free for at least 24 hours without the use of medicine. Go to the next question.
  - Yes, and I am not in the category above. No further screening is needed. The employee/guest may not enter the building.
  
2. In the past 10 days, have you gotten a positive result from a COVID-19 diagnostic test (not a blood test). Please note that 10 days is measured from the day you were tested, not from the day when you got the test result.
  - No. Go to the next question.
  - Yes. No further screening is needed. The student/employee/guest may not enter the building.
  
3. Are you considered fully vaccinated against COVID-19 by CDC guidelines?<sup>1</sup> Please note that to be considered fully vaccinated by CDC guidelines, two weeks must have passed since you received the second dose in a two-dose series or two weeks must have passed since you received a single-dose vaccine.
  - No, I am student/employee who is not considered fully vaccinated. Go to the next question.
  - Yes, I am considered fully vaccinated. The student/employee/guest should skip question 4 and may enter the building.
  - No, I am a guest who is not fully vaccinated. No further screening is needed. The guest may not enter the building.
  
4. To the best of your knowledge, in the past 10 days, have you been in close contact (within 6 feet for at least 10 minutes over a 24 hour period) with anyone while they had COVID-19? Clinical staff who were in appropriate personal protective equipment (PPE) are not considered close contacts in these scenarios.
  - No. The student/employee/guest may enter the building.
  - Yes, and I am a middle or high school student returning from quarantine on Day 8 with proof of a negative COVID-19 test (lab confirmed PCR or antigen test). The student may enter the building.
  - Yes. No further screening is needed. The student/employee/guest may not enter the building.

As a reminder, in accordance with New York State Department of Health requirements, Centers for Disease Control and Prevention recommendations, and DOE policies, all individuals in a DOE school building and all DOE staff and contractors in DOE offices MUST wear a face covering at all times, unless eating or drinking or unless they have a medical exemption.

*This Health Screening is not intended to be a substitute for professional medical advice, diagnosis, or treatment. Always seek the advice of a qualified health provider with any questions you may have regarding a medical condition. Health screening results will be reviewed for the sole purpose of gaining access to facilities and confidentiality will be maintained.*

The NYC Department of Education may change recommendations as the situation evolves.
